<< Lead in Cosmetics Main Page . As a part of FDA's overall mission to protect public health, the agency undertook a project to determine levels of lead in lipstick. This is a complete lesson with instruction and varied exercises, explaining decimal place value and **expanded form** using numbers that have two decimal digits (tenths. Of all the objections I get from people about why they can't ride a bike to get around, perhaps the most frustrating is the claim that bicycling is too dangerous. Each power is composed of ten of the one above. (The metric system is the system of measurement based on the powers of 10; see Lesson 4.)

Strictly, 1 is not a power of 10
